The 17th Annual Conference of
International Association of Neurorestoratology (IANR)

16 17 18 October 2025

The Ashok, New Delhi, India

Welcome Note

The Society of Regenerative Sciences (SRS), formerly known as Stem Cell Society (India) is pleased to announce that the 7th Annual Conference of the Society of Regenerative Sciences (India), will be held on **October 16–18, 2025**, at **The Ashok Hotel, New Delhi**.

So far SRS has conducted 6 Annual Conferences in India where in experts from across the country gather and share their clinical experiences in the areas of Neurological disorders; Musculo-skeletal disorders; Orthopedic disorders, Cardiovascular disorders, Haematopoietic disorders, Gynecological disorders, Dermatological conditions; Autoimmune disorders; Diabetes Mellitus; and others.

This year marks a significant collaboration as the 7th Annual Conference of the Society of Regenerative Sciences will be held jointly with Indian Biologics Orthopaedic Society (IBOS), Society of Ovarian Rejuvenation in association with the 17th Annual Conference of the International Association of Neurorestoratology (IANR) to bring you a joint platform that unites global and Indian leaders in regenerative sciences.

The field of regenerative sciences is evolving rapidly, with India playing a pioneering role in its clinical application and scientific advancement. This conference will provide an opportunity to exchange ideas, present cutting-edge research, and foster international collaborations that will accelerate innovation for better patient care.

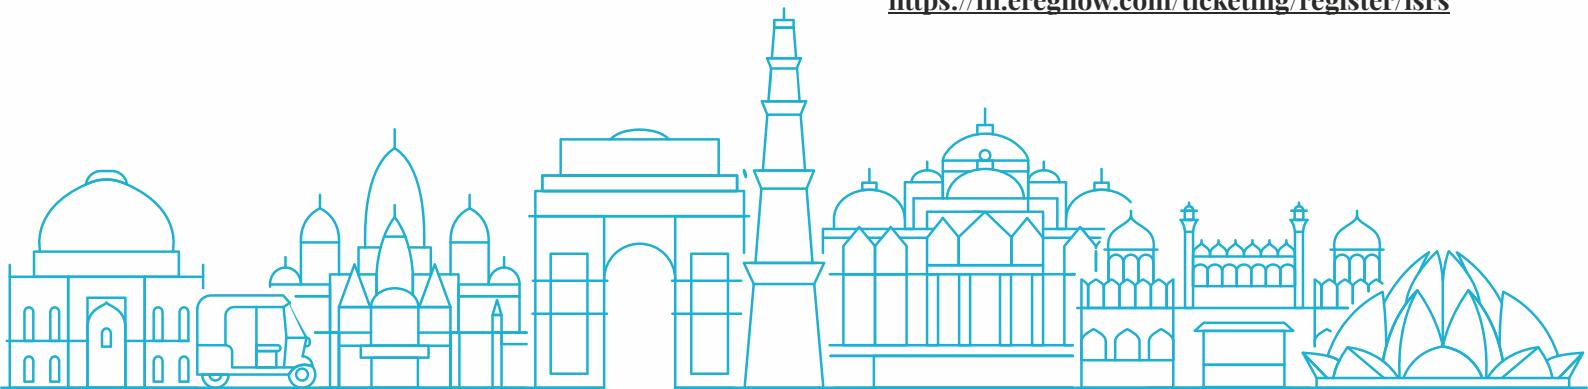

We invite you to join us in this exciting exchange of knowledge, to share your insights, and to learn from some of the brightest minds shaping the future of regenerative medicine.

Warm regards,
Organizing Committee
Society of Regenerative Sciences

Workshop on
Orthobiologics

7:30 pm onwards : Gala Banquet Dinner

Workshop on Orthobiologics (Day 2 - HALL C)

One Day Workshop on Orthobiologics Organized by
the Indian Biologics Orthopaedic Society (IBOS)

Workshop Theme

"Advancing Orthobiologics in Musculoskeletal Care"

This workshop aims to provide in-depth knowledge and hands-on experience in the application of orthobiologic therapies for various orthopedic conditions.

Session 1 Foundations of Orthobiologics

02:00 PM – 03:30 PM

Keynote: Evolution of Orthobiologics in Practice

Talk: Adipose-Derived SVF Applications

Talk: BMAC Harvesting Techniques

Session 1 Platelet-Rich Plasma PRP

03:30 PM – 04:00 PM

Talk: PRP Preparation and Standardization

Talk: Clinical Evidence in OA and Tendinopathies

Panel: PRP vs. SVF vs. BMAC Comparison

Session 3 Regenerative Therapies

04:00 PM – 04:30 PM

Case Study: AVN Hip Management

Case Study: Non-union Fractures

Talk: Emerging Applications in Tendinopathies

Session 4 Hands-On Workshops

04:30 PM – 05:30 PM

Demo: Ultrasound-Guided Injections

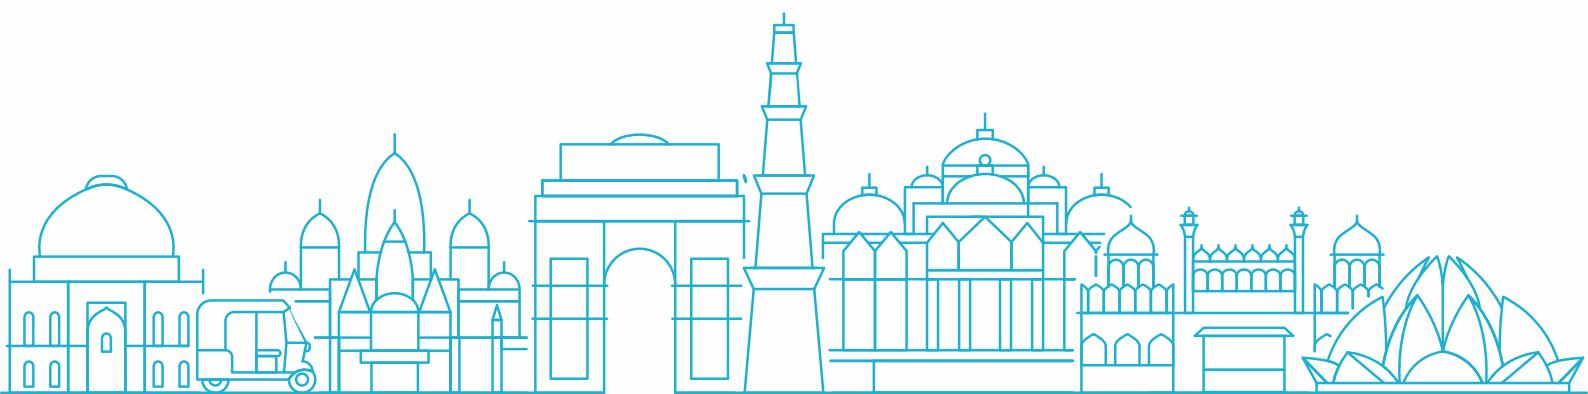

Workshop: PRP and BMAC Preparation

Interactive: Live SVF Demonstration

Closing Remarks 05:30 PM – 06:00 PM

Summary of Key Takeaways • Q&A Session
